By signing this contract, the customer declares that he/she has been informed by the company Rent to Ride di Gaetano Scarpetta that a small tracker device or GPS system has been installed on board the rented motorcycle or car, the sole purpose of which is to track and/or find the motorcycle or car in the event of loss, theft or any other civilly or criminally relevant illegal act committed against it. Therefore, the Customer gives full and liberating consent to the use of the aforementioned device and undertakes not to take any action aimed at deactivating it, switching it off, dismantling it, taking possession of it or in any case preventing and/or hindering its correct functioning, under penalty of applying a penalty of €120.00 including VAT.
